PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science student and full-stack developer with a strong foundation in frontend development, Python, and Java (Basic). Experienced in building responsive web applications and practical software projects. Comfortable with programming, problem-solving, Git and GitHub, with a focus on developing practical applications and strengthening full-stack development skills.

TECHNICAL SKILLS

Languages: Python, Java (Basic), JavaScript, SQL

Frontend: React.js, JavaScript, Responsive Web Development, Flexbox, CSS Grid

Backend: Node.js, Express.js

Database: MongoDB, SQL

Tools: Git, GitHub, VS Code

CERTIFICATIONS

Advanced Python – Certified course covering OOP, file handling, exception management, and libraries

Web Development – Certified course covering HTML5, CSS3, JavaScript, and responsive design principles

Ethical AI Practices / Paper Presentation — Uttaranchal University, 2025 (Certificate No.274)

PROJECTS

Responsive Portfolio Website | HTML, CSS, JavaScript

2024

- Designed and developed a fully responsive personal portfolio showcasing projects, skills, and contact information. Focused on clean UI, consistent visual design, smooth navigation, and responsive behavior.

Gaming Website | HTML, CSS, JavaScript

2024

- Developed a browser-based gaming website featuring interactive games including **Tic Tac Toe** and **Flappy Bird**. Implemented game logic, player interactions, scoring, and controls using JavaScript.

To-Do List Application | Python

2024

- Developed a simple command-line To-Do List application to manage and track daily tasks. Implemented features to add, view, update, and delete tasks using Python.

EDUCATION

Uttaranchal University

Bachelor of Technology – Computer Science Engineering

- Currently in 7th Semester | Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Dehradun, Uttarakhand, India

August 2023 – August 2027

ACHIEVEMENTS & ACTIVITIES

- Tutoredude Buildathon — Healthcare Domain:** Successfully completed a 72-hour product-building challenge focused on identifying real-world healthcare challenges and developing innovative solutions, June 2025.
- Presented a research paper titled “Ethical AI Practices”** at the 1st International Conference on Holistic Approaches to Achieve SDGs with AI (ICASDGA-2025), organized by Uttaranchal University.
